### Understanding cables

Every cable message consists of three parts:

- The top box shows each cables unique reference number, when and by whom it originally was sent, and what its initial classification was.
- The middle box contains the header information that is associated with the cable. It includes information about the receiver(s) as well as a general subject.
- The bottom box presents the body of the cable. The opening can contain a more specific subject, references to other cables ([browse by origin](#) to find them) or additional comment. This is followed by the main contents of the cable: a summary, a collection of specific topics and a comment section.

To understand the justification used for the classification of each cable, please use this [WikiSource](#) article as reference.

SUBJECT: UPDATE: SSP TO REPLACE MILITARY AS PRIMARY SECURITY PLAYER  
IN CIUDAD JUAREZ

REF: MEXICO 3617

CLASSIFIED BY: Carlos Pascual, Ambassador; REASON: 1.4(B), (D)

¶1. (C) Secretary for Public Security, Genaro Garcia Luna told the Ambassador that on Tuesday, January 5, President Calderon approved in a cabinet meeting the transfer of command and control responsibilities in Juarez from the military to the federal police. In separate discussions, both the Director General of CISEN, Guillermo Valdes, and the Secretary of the Navy, Admiral Saynez, confirmed to the AMB that President Calderon had authorized the change in command and control arrangements.

¶2. (C) The next step is for the Secretary of the Interior, Fernando Francisco Gomez Mont, to notify the Governor of the Chihuahua state that Calderon has approved these changes. Per MEXICO 3617, the federal police had already sent a team to Juarez to outline the new arrangements to all the key players. The message from Gomez Mont will be that Calderon has instructed everyone to move forward.

¶3. (C) On Monday, January 11, SSP Commissioner Facundo Rosas Rosas will travel to Juarez to oversee the transfer of responsibilities. On January 14-15, a joint Mexico-U.S. assessment team will fly to El Paso and Juarez as part of the process of developing pilot projects in Tijuana/San Diego and Ciudad Juarez/El Paso. The GOM will be prepared to brief us on the early implementation of the new arrangements when the team arrives in Juarez on January 15.
